

## OUR GREENER PLANET PROMISE

### COMMITMENT

We are committed to a net-zero future.

### LEADERSHIP

We are a leader in climate conscious horticulture and sustainable garden lifestyle.

### INNOVATION

We will use zero carbon solutions wherever possible, and invest in new technology as innovations become available.

### COMMUNITY

We will build a community of ambassadors to spread the word about climate conscious horticulture and lifestyle.

### EDUCATION

We will be the voice for climate conscious gardening, to share our knowledge with people who want to make a positive contribution through their outside space, professionally or personally.

### CONTRIBUTION

We will share a percentage of our time each year to help those in need of assistance in their gardens.
